Before launching on recurring expenditure, the municipal council should have considered their financial position that financial position shows that the income is in rough figures Rs 26 lakhs and the expenditure is Rs 28 lakhs. The result is that in one year the closing balance has come down from 2¼ lakhs to ¼ of a lakh in the next year, so far from maintaining the present level of expenditure, they must either give up some of the expenditure now being incurred or indicate how they propose to increase their revenue and to what extent this is not clear from the papers in this file Also they are indebted to govt and have recently raised a loan from the Mysore Bank In such a situation their readiness to agree to further recurring expenditure is inexplicable The proposal is, in their own financial interests, unacceptable.

Sir,

Subject - Appointment of a Mechanic Foreman on Rs.100-10-150 for the Mysore City Municipality

Adverting to your letter No L 8108 dated 31-1-1950 4182 regarding the above, I write to state that the Staff Reorganisation Committee and the Council before whom the subject of renewing the proposal as required in your letter under advertance came up for consideration, at their meetings held on 4th July 1951 and 6th August 1951 respectively were of opinion that in the interests of the proper maintenance and regulation of the use of the several vehicles working in the Municipality and also for the proper control over the staff of drivers and cleaners of the vehicles and for the regular maintenance of the accounts for the issue and consumption of petrol, oil and other articles and repairs of the vehicles, the appointment of a superior officer of the status of a mechanic foreman, well trained in automobiles, was absolutely necessary It was also opined that by the creation of the above post and the appointment of a trained official considerable amount of Municipal funds that is at present being spent for minor repairs etc , and also the time involved in getting such repairs effected outside would be saved Due provision of Rs 2,000/- for this has been made in the budget estimates of the current year under D6-1 Municipal Workshop Establishment The Council have approved as a tentative measure to appoint the mechanic foreman only for a period of one year in the

first instance In enclosing copies of the resolutions of the Staff Re-organisation Committee and Council in this behalf, I request you kindly to obtain orders of Government to sanction the appointment of a mechanic foreman in grade Rs 100-10-150 for a period of one year in the first instance from the date of appointment

Subject:- Appointment of a Mechanic Foreman on Rs 100-10-150 for the Mysore City Municipality

Sir,

With reference to your Letter No. C.P.R 50 151-52 dated 26 9 51 on the above subject, I am directed to state that sanction has been accorded to the creation of the above post in the Municipality's Estimates of the Budget for 1951-52 which is current at present with an Income of Rs 26 Lakhs and the Expenditure Rs 28 Lakhs. The Result of that one year the closing Balance has thrown from Rs 2½ Lakhs to ½ of a Lakh. The Municipality is also indebted to Bank and has recently raised a loan from the Mysore Bank on an overdraft basis. In such a situation the sanctioning of further expenditure on establishment is not acceptable to the Financial circles of the Municipality. The question

may therefore the Corporation keep next
year of the financial position
of the Municipal City Councils corporate

THE MUNICIPAL COMMISSIONER
CITY MUNICIPAL COUNCIL

The Secretary to Government,
L & G Department, Bangalore
(Trhoggh the President)

Sir,

Re Appointment of a Mechanic Foreman for the Mysore City Municipality on a grade pay of Rs 100-10-150

With reference to your letter No L 11087 dated the 7th January 1952 intimating that the above question may be taken up next year, if the financial position of the Municipality improves, I write to state that the figures of income and expenditure quoted in your letter under advertance are only the figures of the Budget Estimates for the year 1951-52 The actual financial position of the Municipality was that there was an opening balance of Rs 1,76,992/- on 1-4-51 and after finally discharging a heavy loan to the extent of Rs 4,63,334/- that was due during the current year, and a further sum of Rs 45,966/- towards the annual instalments of other set of loans, and after meeting the normal expenditure of municipal administration to be incurred on the maintenance of health and sanitation, improvement of public roads etc , the balance at the credit of the Municipality as on 8-2-1952 is Rs 2,89,958/- This should make it abundantly clear that the financial position of the municipality is essentially sound It may be added that while it was provided in the budget for 1951-52 as sanctioned by Government that for the discharge of the Rs 5 lakhs loan, Rs 1 lakh may be drawn from the House ~~Building~~ Model Fund, it has been possible to discharge that heavy commitment without touching Model Houses Construction Fund This was possible entirely because of the substantial improvement of the revenue position

The question of obtaining the financial accommodation from the Mysore Bank is still under correspondence with the Bank and it may be possible to take it into account only from next year as the current year is already coming to a close Major items of expenditure during the current year have been incurred and the fact that there is still a balance at the credit of the municipality to the extent of over Rs 2,80,000/- should allay ~~by~~ any apprehensions ~~of~~ about the financial stability of the Municipality

The absence of a mechanic foreman has quite possibly been the cause of a deal of unnecessary expenditure on the repairs of the vehicles of the municipality as also delay in the day to day discharge of the municipal work The existence of such an officer is an imperative necessity The expenditure to be incurred on the above appointment is hardly Rs 1,200/- per annum and there is no difficulty for making provision of this item of expenditure

I therefore request that the Government may be immediately moved to sanction the proposal of the municipality at their earliest convenience

Yours faithfully,

M S Swaminathan
